Loss or damage to contents when being used for business, trade, professional or employment purposes other than home working equipment.

General Conditions

These conditions apply to all sections of the policy. Failure to comply with the terms below may result in us cancelling the policy and/or refusing to pay any claim; we may not pay any claim in full, we may revise the premium and/or change any excess and/or the extent of cover may be affected.

1. Your duty to prevent loss or damage

- You must take precautions to prevent accidents, loss or damage
- All property insured under this policy must be maintained in good condition
- If loss or damage does occur you must take steps to prevent further loss or damage where possible

2. Your policy

Your policy includes:

- Your policy schedule
- This policy wording
- Any notice to policyholders
- Any endorsements which apply to your cover as shown in your policy schedule

<u>3. Claims</u>

Your duties:

As soon as you are aware of an incident or cause which is likely to lead to a claim under this policy, you must:

- Tell the police at your earliest opportunity about any property which has been stolen or maliciously damaged, and get a crime reference number
- Contact your insurer at your earliest opportunity
- Do all you can to get back any lost or stolen property and tell your insurer without unnecessary delay if any property is then returned to you
- Send your insurer any correspondence, legal or otherwise, received in relation to a claim or an event which may lead to a claim
- Avoid discussing liability with anyone else without your insurer's permission
- You can make any temporary repairs to prevent further loss or damage. However, until you have discussed your claim with us we are unable to confirm that the loss or damage is covered by your policy
- You should keep a copy of the invoices relating to the temporary repairs as they may form part of your claim. It would be helpful if you could take photographs of the damage
- We, or any approved contractor, supplier or loss adjuster must have the chance to inspect the damage before you carry out permanent repairs or dispose of any damaged items

To help prove your claim your insurer may require you to provide any of the following items including but not limited to:

 Original purchase receipts, serial numbers, invoices, bank or credit card statements, instruction booklets, photographs, proof of authenticity, utility bills, pre-purchase surveys or plans and deeds of your property

If someone is holding you responsible for damage to their property or for injury to them, please tell us at your first opportunity and give us full written details. If you receive any correspondence in relation to the claim, do not respond directly to it, please forward it on to us (This could include any claim form, summons to appear in court or other legal document). Do not admit you are responsible.

How your claim will be settled

Your insurer will at their option repair, reinstate or replace the lost or damaged property, subject to the appropriate excess:

- Where property cannot be replaced or repaired your insurer will pay in cash or cash alternative (including vouchers and/or store cards) the amount of the loss or damage
- Where your insurer can offer repair or replacement through a preferred supplier but agrees to pay
 a cash or cash alternative (including vouchers and/or store cards) settlement, then payment will
 not exceed the amount that they would have paid the preferred supplier. If equivalent replacement is
 not available then your insurer will pay the full replacement cost of the item
- An approved supplier may be appointed by your insurer to act on their behalf to further validate your claim and they are authorised to arrange a quotation, a repair or a replacement where appropriate;
- Your insurer is entitled to assess your claim based on our approved supplier's or loss adjusters view
 and interpretation, even in situations where you have appointed a professional representative, such as a
 loss assessor or claims management company, to act on your behalf
- Your insurer is entitled to retain the right to communicate directly with you regarding your claim, even in situations where you have appointed a professional representative, such as a loss assessor or

General Conditions

claims management company, to act on your behalf

- The sums insured will not be reduced by any claim
- Any permanent repairs made by our approved suppliers are guaranteed for a period of 12 months

Wear and tear

There will be no deduction for contents provided they have been maintained in good repair and the sum insured represents the full value of the property.

Matching items

An individual item of a matching set of articles or suite of furniture is regarded as a single item. Your insurer will pay you for individual damaged items but not for undamaged companion pieces. If the individual damaged items cannot be repaired or a replacement found we will also pay up to 50% towards the undamaged part of the set or suite of furniture.

4. Other insurance

If any injury, loss, damage or liability under 'Occupiers and Personal Liability' or 'Property owner's liability' is covered by any other insurance we will not make any payment.

If any other injury, loss, damage or liability is covered by any other insurance, contract or legislation then we will not pay more than our share.

5. Your insurer's rights

Your insurer may:

- Take over and conduct the defence or settlement of any claim, or right you may have against another person, in your name
- Enforce your right against any other person (in your name for your insurers own benefit) any claim for indemnity or damage
- In a perceived emergency enter the home where loss or damage has occurred. To safeguard the
 home against further loss or damage, your insurer may take and keep possession of insured contents
 and personal possessions and deal with the salvage

Your insurer has the right to do as your insurer sees fit in legal action and in settling your claim.

6. Fraud

If you or anyone acting for you:

- Deliberately fails to disclose relevant facts at any time
- Deliberately misrepresents or exaggerates information given, or acts dishonestly at any time;
- Makes a claim in a fraudulent or false way, or where we are given any documents which are fase or stolen

We may:

- · Cancel or void your policy and all other policies to which you are connected to with us
- Not pay any claim which is in any way fraudulent, false or exaggerated
- · Aim to recover any costs we have incurred and not return any premium
- Tell the police if we suspect fraud

7. Your duty to keep to the conditions of this policy

To be covered by this insurance, you must keep to the terms and conditions of this policy.

8. Arbitration

If we accept your claim but you do not agree with the amount we will pay you, we will refer the matter to an arbitrator chosen by you and us. You cannot take any action against us until you and we have received the arbitrator's final decision.

9. Index linking

The contents sum insured and any specified personal possessions sums insured are automatically adjusted in line with changes in The Consumer Durable Section of the General Index of Retail Prices or its equivalent.

10. The right level of cover

It is your responsibility to make sure that the amount you insure represents the full value of your property.

For contents, this means the full cost of replacing all the property at today's prices apart from household linen

General Conditions

and furs where you make a reduction for wear and tear and loss of value. A reduction for wear and tear and loss of value also applies to clothing unless proof can be provided that the item was less than 2 years old at the time of loss/damage.

It is important that you insure for the full amount, as the sums insured in your policy schedule are the maximum that we will pay in the event of a claim. If the sum insured is less than the full value of the property insured, we will reduce the amount claimed in proportion with the underinsurance. For example, if the amount insured is only 80% of the actual replacement cost, we will only pay 80% of your claim.

11. Information and changes you must tell us about

Please tell First2Protect if there are any changes to the information set out in the statement of fact or on your policy schedule. You must also tell First2Protect about the following changes:

- Any intended alteration to, extension to or renovation of your property. However you do not need to tell First2Protect about internal alterations to your property unless creating an additional bedroom, bathroom or shower room
- Any change to the people insured, or to be insured
- Any change or addition to the contents or the property to be insured that results in the need to increase the amounts insured or the limits that are shown on your policy schedule;
- If your property is to be lent, let, sub-let, or used for business purposes (other than occasional clerical work)
- If your property is to be unoccupied
- If any member of your household or any person to be insured on this policy is charged with, or convicted of a criminal offence (other than motoring offences)
- If you or any member of your family or anyone living with you is declared bankrupt or has received a County Court Judgement (CCJ)
- A change to the insured property address as shown on your policy schedule
- A change to your correspondence address

If you are in any doubt, please contact First2Protect.

When First2Protect notifies us of a change, we will tell First2Protect if this affects your policy, for example whether we are able to accept the change and if so, whether the change will result in revised terms and/or premium being applied to your policy.

If the information provided by you is not complete and accurate:

- We may cancel or void your policy and refuse to pay any claim
- We may not pay any claim in full
- We may revise the premium and/or change any excess and/or the extent of the cover may be affected

In some circumstances we may not be able to continue your policy following the changes. Where this happens you will be told and the policy will be cancelled in line with your Cancellation Rights.

12. Sanctions

We will not provide cover, be liable to pay any claim or provide any benefit where doing so would expose us or any member of our group to:

- Any sanctions, prohibitions or restrictions under United Nations resolutions
- The trade or economic sanctions, laws or regulations of any country

Important Advice

This policy is designed to protect you against the risk of things happening suddenly which you could not have expected such as fire, theft, flood and storm. It is not designed to protect you against losses that arise due to the gradual deterioration or poor maintenance of the home.

We want to ensure that you are fully aware of the extent of your cover, and would therefore urge you to read this policy in full along with your policy schedule.

We have also taken this opportunity to bring some helpful information to your attention. This section does not form part of your policy and contains only examples of what is contained in your policy wording.

Storms

Properties are designed to withstand damage by all but the most extreme weather conditions. Normal weather conditions should not cause damage to a well maintained property. It is therefore important that you keep the home in a good state of repair.

Areas that you should focus on include blocked or broken gutters or down-pipes, and loose or damaged roof tiles.

Some areas like flat roofs, fascia boards and boundary walls are difficult to inspect so if you cannot check them yourself you should use a relevant building expert to do this for you.

Collision

If someone crashes into your wall or the home and damages your contents make sure you record their name, address, vehicle registration and contact details. We will need this information to help us try to recover your excess.

Subsidence

Damage caused by subsidence is the result of ground movement affecting the home. The most common signs of this are diagonal cracks away from door and window frames.

New properties or structures can often move for reasons other than subsidence, often because of the compaction of the ground below. This is known as settlement and is not covered.

Subsidence and other types of ground movement can be difficult and complex to repair. It is important that you tell us at your earliest opportunity if you think your contents may be affected.

Escape of water

Your cover for escape of water is designed to cover damage to the home caused by water leaks. It's always a good idea to get your boiler checked and/or serviced by a Gas Safe/ Oftec/Hetas certified engineer, depending on your heating system, in plenty of time for winter. This will help prevent boiler failure which could leave you with no heating and/or hot water.

One of the biggest risks of water damage occurs when you are away during the winter where pipes can freeze and burst causing large amounts of damage. It is important that you take steps to avoid this by keeping your central heating on low so your pipes do not freeze over. If you want to turn your heating off then you should drain your central heating system and switch off the water at the mains.

In addition, damage can occur due to water leaks caused when the sealant or grout around your bath or shower has worn away or failed.

Pipes often burst because they have worn out; if this happens you should turn off the main stop tap and contact a plumber.

Fires

A large percentage of fires start in the kitchen, and are caused by faulty electrical appliances or unattended cooking pans and equipment - particularly chip pans. In addition candles, cigarettes, electric blankets and overloaded plug sockets cause a significant fire risk.

Always purchase electrical goods from a reputable supplier as branded goods sold via untraceable internet suppliers at much reduced prices may be counterfeit and/or may not be fitted with the appropriate safeguards against the risk of fire.

Please ensure you bear these risks in mind and take adequate precautions to protect yourself and your family. Smoke alarms save many lives and significant damage every year, please ensure that you have them fitted and check them regularly.

Floods

If water has or is expected to enter the home you should secure the home and move your valuables and essentials to an elevated place or upper floor. You should also turn off all the utilities like power, water and gas supplies at their main source and disconnect all electrical appliances if possible.

Important Advice

If you know that you live in an area which is prone to flooding, there are additional steps you can take to protect the home and we would recommend contacting your local Environment Agency for further advice or call Floodline on 0345 988 1188.

Drains

Some drains which use defective materials such as pitch fibre in their construction are prone to wear out over time naturally. There are more specific insurance policies available to protect you against this risk which can be sought elsewhere.

Thefts

Many thefts are committed by so called 'opportunist' criminals. The home is significantly more likely to be burgled if accessible entrances are not locked and secured. Your policy may carry an endorsement about the security you have in place to prevent thefts, this usually requires you to have certain types of door and window locks. Please check your policy schedule for details of any endorsements that may be applicable. If you fail to meet these requirements we may impose a higher excess for theft claims.

If you are going away do what you can to make the home appear occupied. Ask a neighbour to pick up the mail, cancel milk and any other regular deliveries and use timers on lights if you have them. Garages and sheds are attractive to criminals as they are easier to break in to and often contain valuable items such as tools or golf clubs. Locking these is another important step to minimising the risk of a theft. You should also take particular care of items such as laptops, mobile phones and tablets if you have personal possessions cover and ensure they are not left unattended.

Collision

If someone crashes into your wall or the home make sure you record their name, address, vehicle registration and contact details. We will need this information to help us try to recover your excess.

Important Information

At renewal, First2Protect will check that the premium offered by your current insurer is still the most competitive. If one of First2Protect's alternative panel members offers a more competitive price then First2Protect will transfer your cover to the alternative insurer. Please note that it is your responsibility to check that the information First2Protect holds for you is complete, accurate and up to date. If your home is in a flood plain, in an area prone to flooding or if you have made a claim on your policy in relation to flooding or subsidence, then you are advised to not cancel this policy until suitable alternative insurance arrangements are in place.

Change of insurer

As your agent acting on your behalf, First2Protect may from time to time use different insurer(s), to underwrite your insurance. This may happen, for example, where your circumstances change significantly or where an alternative insurer can offer cover or terms that are more suitable to meet your demands and needs.

If you request that your insurer is changed, First2Protect will cancel your existing policy and will arrange a suitable replacement; taking care to ensure there is no break in cover. First2Protect will advise you of any change in the policy terms.

In the event that your insurer either declines or withdraws cover First2Protect may be required to move you to an alternative insurer without gaining your prior consent in order to ensure that there is no break in your cover. In such circumstances First2Protect will notify you and will advise you of any change in the policy terms.
