Welcome

Terms and purpose of cover

If **You** claim is covered under a section of this policy and no exclusions apply then it is vital that **You** comply with the conditions of this policy in order for **Your** claim to proceed. The conditions applicable to this policy are contained under the 'Conditions' section and should be read carefully.

You have selected a home emergency policy that will provide assistance to **you** in **your home**. **We** will respond with expert help if **you** suffer an emergency arising from an incident covered under this policy and send a **contractor** out who will take action to resolve the emergency.

This insurance policy is designed to offer 24 hour assistance if **you** suffer a **home** emergency. It compliments but does not replace either **your** household buildings or contents insurance policy, and there may be times where this is the more appropriate route for cover. If the situation is not an emergency as defined in the policy wording, **you** should contact **your** buildings or contents insurance provider for claims assistance.

Whilst **we** are happy to assist **you** in an emergency by sourcing a **contractor**, **we** aren't able to provide **you** with help relating to day-to-day maintenance of **your home** and its contents.

This policy covers **temporary repairs**, or a permanent repair where this can be done at a similar cost or where no **temporary repair** is available. If **our contractor** advises there is no temporary, permanent or economical repair available, then cover will cease under this insurance.

For cover to apply under this policy, the situation that arises must fall within the definition of an emergency under each section of cover in the policy.

It is a requirement of this policy that **you** maintain **your home**, including fixtures and fittings. This includes boilers which should be maintained in accordance with the manufacturer's recommendations.

There may be times when **our contractor** has to carry out trace and access in order to locate the emergency. This may involve removing and/or damaging parts of the **home**, fixtures and fittings to enable the **contractor** to find the source of the issue. In these circumstances, **we** will not be responsible for any damage caused where this has been deemed as necessary by **our contractor** in order to complete a **temporary repair** (or a permanent repair where this can be done at a similar cost).

Making a claim

How to make a claim

All potential claims must be reported initially to the Claims Helpline Service for advice and support.

Emergency Claims Helpline Number: 0333 234 3485 - Our helpline is open 24/7, 365 days a year. Calls to the helpline will be charged at **your** standard rates.

Major emergencies which could result in serious damage or damage to life or limb should be immediately advised to the supply company and/or the public emergency services. Gas leaks must be immediately notified to the local gas company.

Confirming Policy Details...Helping Us Help You

In some situations **we** may not be able to assess **your** claim or confirm **your** policy is operative from the information and details provided by **you**. It may therefore be necessary for **our contractor** to attend **your home**, assess the situation and provide **us** with a report. In these circumstances **you** will be asked to leave either credit or debit card details which may be debited in the event that the cost of the call-out and any subsequent repairs are not covered by this insurance. This will help **us** respond to **your** emergency without unnecessary delay, and provides **you** with an option to receive emergency assistance at **your home** should cover be excluded under **your** policy.
